

Cycle to School Scheme

Cloudberry Communities Cycle Subscription Scheme

Does your young person need wheels to get to school?

How it works - Signing Up for the Scheme costs £20 per child - for this they get a helmet and either a new or nearly new hire bike (ongoing payment by BACS of £5 per month) or a suitable upcycled bike (no ongoing payments, but may be subject to a waiting list)

The benefit of the cycle subscription scheme is that as your child grows they can access a bigger bike at no further cost - just let us know and we will arrange for a swap.

Cycling UK have provided us with some funding to supply bicycles to young people to help them actively travel to school and around the local area. Cycling Scotland have funded us to supply upcycled bikes through fix and donate sessions

We want young people to learn to ride and take care of their bikes. This can teach them new skills and help them become more independent, active travel also helps their health and the environment.

The scheme can be accessed from our active travel hubs in Chryston, Moodiesburn, Cardowan or Gartcosh.
